The Actress on tour, visiting University of Tampere 22.2. 2018

The Actress - Technical requirements and specifics:

Projector and screen/wall to project upon, scale 1X1. Projection size approx 2,2m x 3,9m. Long cable to connect projector to macbook pro (7m, HDMI, SDI or similar). Projector should not be mounted on the ceiling, as a play video material off my computer which I move around with during the performance

Institutional-style writing desk.

Rotating desk chair.

Small onstage workstation, enough to support laptop, sound and light controls, comprised from loudspeakers, or alternatively small, low desk or table. See image.

Sound:

Microphone headset and simple PA, preferably a system that I can control on stage. In classroom settings possible to play without sound.

Light:

A few channels that I can control from the stage: audience lights, ambient stage lights, and a smallish spotlight from above. In classroom settings can also play without light.

Duration 55 min.
